GRAYSON COUNTY FIRE MARSHAL

100 W. Houston, Suite A-3-2 Sherman, Texas 75091 Office (903)813-4200 ext. 2283 or 2284

PERMIT INFORMATION SHEET

No person shall perform or authorize Construction or Substantial Improvement within the unincorporated areas of Grayson County without first securing a permit. Substantial Improvement includes a change in occupancy classification.

In order to obtain a permit, the following items must be submitted:

- 1. A completed Commercial Permit Application.
- 2. One set of construction plans for each building, drawn to scale and must include:
 - a. The site plan, floor plan and life safety plan, including interior finish materials.
 - b. The location of all exits, the distance between exits, and the exit dimensions.
 - c. The location of any fire alarm equipment, automatic sprinklers, emergency lighting, fire extinguishers, exit signs and smoke detectors required to meet the Fire Code.
- 3. One complete set of site plans, paper or PDF indicating:
 - a. The location of the building on the property and property lines.
 - b. Location of any fire hydrants and/or fire water storage tanks.
 - c. Location of fire lanes/fire access roads, storage areas and parking areas.
- 4. A permit fee in accordance with the Fire Code Fee Schedule.

The plans will be reviewed and, if necessary, revisions will be marked up on the plans. Upon review, the plans will be stamped or signed one (1) set of plans will be retained at the Fire Marshal's Office. The remaining set must be kept at the construction site. A Building Permit will also be issued and must remain at the construction site.

Address numbers assigned by the 911 Coordinator must also be visible and legible from the roadway during the entire construction process.

When the construction process is completed and the building is ready to be occupied, a Final Inspection must be scheduled. A final inspection will be completed and Certificate of Compliance issued. A building cannot be occupied until it has passed a final inspection and received a Certificate of Compliance.

BUILDING PERMITS
BUILDING PERMIT - The fee is \$100.00 per each 1000 square feet.
Please provide comments or details about the project:
