I.

Call to Order.

Phil Roether, Chairman, called the meeting to order at 1:00p.m.

II.

Approval of Minutes of the November 6, 2008 Zoning Commission Meeting.

Mr. Roether asked if the members had looked over the minutes of the previous meeting and if there were any changes to be made. Mr. Hensarling made the motion to approve the minutes as typed and Mr. Olmstead seconded the motion. All members voted aye.

II.

Workshop to work on Airport Zoning around the North Texas Regional Airport.

Mr. Roether advised that information had been gathered from other airports in reference to zoning land around them and each member had been given a summary of that survey.

At this time, Mr. Shahan introduced Mr. Grant to the Commission. Mr. Grant gave the Commission a brief background on himself and Kimley-Horn Associates. Mr. Grant and Ms. Kirkland then made a presentation on what the Commission could expect during the process of zoning and a timetable for the work to be completed. They also advised the Commission that it would cost approximately \$80,000.00 to \$150,000.00 to complete the project.

After the presentation, the Commission agreed that outside assistance would be needed to complete the task of zoning the property around the Airport. It was also agreed that a meeting between each city and various entities needed to be setup so that everyone involved in the process knows what to expect. Mr. Munson suggested that the next step would be to involve the cities and to let them see the presentation that the Commission had seen. Mr. Roether stated that he would talk to Judge Bynum to see about getting a meeting set up.
