4. Update on application submitted to the FAA for entrance into the Federal Contract Tower Program.

Mr. Shahan advised the Board that the Federal Contract Tower Program is a program through the FAA. He stated that once an airport reaches a 1.0 benefit cost ratio, the FAA will pick up the cost of the controllers for the tower. Mr. Shahan stated that the BC Ratio in November 2012 was 1.4 and it is currently a 2.2. He stated that this would qualify for funding in the amount of $550,000.00 which would
pay for two controllers per shift and a tower manager. Mr. Shahan stated that as of this time the airport still had not been accepted into the program. Mr. Shahan stated that the airport needed Congressional assistance to get into the program. He stated that earliest that the airport could be admitted would be October 2014. Mr. Shahan stated that if the airport is admitted it would save approximately $200,000.00 in the budget and would provide more controllers on duty at one time.

Mr. Shahan advised the Board that the current operator of the tower, Advanced ATC, has submitted a request for additional funding for control tower staffing. He stated that they thought that additional staffing was needed because one controller on duty at a time was not safe during peak hours. He stated that they had submitted a proposal to increase staffing by an additional four to five hours per day so that there would be overlap of controllers during the day. Mr. Shahan stated that increasing hours an additional 35 hours per week would cost $26,775.00 and an increase of 28 hours would cost $21,420.00. Mr. Shahan advised the Board that he was asking their permission to present the request to Commissioners Court. After some discussion of this request, Mr. Christie made the motion to send the request to Commissioners Court for their consideration for increased staffing for the option of 28 hours per week until October 1. Mr. Hensarling seconded the motion. All members voted aye.

5.

Mr. Klein stated that they would be meeting with the MPO planners and that they will look at other county’s plan. Mr. Jones asked if they would be honoring the city thoroughfare plans also and Mr. Klein stated that they would. Mr. Retz asked if there was anything being done with traffic traveling south from Oklahoma. Mr. Klein stated that would be included also.

6.

B. Upon the occurrence of any Event of Default specified in Paragraph A. above, Licensor shall have the option to pursue any one or more of the following remedies after written notice or demand:

1. Terminate this License, in which event Licensee shall immediately surrender the Facility. Pursuit of any of the foregoing remedies shall not preclude pursuit of any of the other remedies herein provided or any other remedies provided by law nor shall pursuit of any remedy herein provided constitute a forfeiture of waiver of any License Fee due to Licensor hereunder of any damages accruing to Licensor by reason of the violation of any of the terms, provisions and covenants herein contained. Licensor’s acceptance of a License Fee payment following an Event of Default hereunder shall not be construed as Licensor’s waiver of such Event of Default. No waiver by Licensor of any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of any other violation or breach of any of the terms, provisions, and covenants herein contained. Forbearance by Licensor to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of any other violation or Event of Default. The loss or damage that Licensor may suffer by reason of termination of this License or the deficiency from any reletting as provided for above shall include the expense of repossession and any expenses incurred by the Licensor following repossession. If any of Licensee’s property (“Licensee Property”) remains upon the Facility upon the expiration of the Term of this License or any earlier termination of this License or any repossession of the Licensed Facility by Licensor because of Licensee’s default under this License, Licensor shall have the right to remove such Licensee Property from the Facility and store such Licensee Property, and Licensee shall be obligated to reimburse Licensor for all of the costs incurred by Licensor in removing and storing such Licensee Property. Licensor shall not be required to release any Licensee Property to Licensee until Licensee has paid Licensor all costs incurred by Licensor in removing and storing such Licensee Property and all other amounts owed by Licensee to Licensor pursuant to this License, including without limitation, unpaid License Fees and costs incurred by Licensor to repair the Facility.
C. **Excuse of Performance by Reason of Force Majeure:**

Neither Licensor nor Licensee shall be required to perform any term, condition, or covenant in this Agreement so long as such performance is delayed or prevented by Force Majeure, which shall mean acts of God, strikes, lockouts, material or labor restrictions by any government authority, civil riots, floods, or any other cause not reasonable within the control of Licensor or Licensee and which by the exercise of diligence Licensor or Licensee is unable, wholly or in part, to prevent or overcome.

9. DEFAULT AND TERMINATION BY LICENSEE:

A. Each of the following events shall be deemed to be an Event of Default by Licensee under this License:

1. Failure of Licensee to do such things as Licensee should do or discontinue doing which create a danger to or hinder aviation activities immediately upon delivery of written notice thereof to Licensee.

2. Failure of Licensee to pay any License Fee or any other sum payable to Licensor hereunder with 10 days of the date that same is due.

3. Failure of Licensee to comply with a term, condition, or covenant of this License other than the License Fee or other sum of money within 30 days after delivery of written notice thereof to Licensor.

4. Insolvency, the making of a transfer in fraud of creditors, or the making of an assignment for the benefit of creditors by Licensee of Licensee’s obligations.

5. Filing of a petition under any section or chapter of the United States Bankruptcy Code, as amended or under any similar law or statute of the United States of any State thereof by Licensee, or adjudication as bankrupt or insolvent in proceedings filed against Licensee or such guarantor.

6. Appointment of a receiver or trustee for all or substantially all of the assets of Licensee or any guarantor of Licensee’s obligation.

7. Abandonment by Licensee of any substantial portion of the Facility or cessation of use of the Licensed Facility for the purposes of the License.

B. Upon the occurrence of any Event of Default specified in Paragraph A. above, Licensor shall have the option to pursue any one or more of the following remedies after written notice or demand:

1. Terminate this License, in which event Licensee shall immediately surrender the Facility. If Licensee fails to so surrender the Facility, Licensor may without prejudice to any other remedy which Licensor may have for possession of the Facility or arrearages in License Fee, enter upon and take possession of the Facility and expel or remove Licensee and any other person who may be occupying the Facility or any part thereof, without being liable for prosecution or any claim for damages thereof; and Licensee shall pay to Licensor on demand the amount of License Fee due hereunder as it comes due plus attorneys fees or costs incurred in obtaining possession of the Facility, less the proceeds of any relicensing.
2. Enter upon and take possession of the Facility without terminating this License and without being liable for prosecution or for any claim for damages therefore, and expel or remove Licensee and any other party who may be occupying the Facility or any part thereof. Licensor may (but shall not be required to) relicense the Facility and receive the License Fee therefore. Licensee agrees to pay to Licensor on demand from time to time any deficiency that may arise by reason of any such relicensing in determining the amount of such deficiency, attorneys’ fees, expenses and other costs of relicensing shall be subtracted from the amount of the License Fee received under such relicensing.

3. Enter upon the Facility without terminating this License and without being liable for prosecution or for any claim for damages therefore, and do whatever Licensee is obligated to do under the terms of this License. Licensee agrees to pay Licensor on demand all expenses, which Licensor may incur in thus effecting compliance with Licensee’s obligations under this License, together with interest thereon at the rate of the lesser of the maximum lawful contractual rate of interest or eighteen percent (18%) per annum from the date expended until paid. Licensor shall not be liable for any damages resulting to Licensee from such action, whether caused by negligence of Licensor or otherwise.

4. No re-entry or taking possession of the Facility by Licensor shall be construed as an election on its part to terminate this License unless a written notice of such intention be given to Licensee. Notwithstanding any such relicensing or re-entry or taking possession, Licensor may at any time thereafter elect to terminate this License for a previous uncured Event of Default. Pursuit of any of the foregoing remedies shall not preclude pursuit of any of the other remedies herein provided or any other remedies provided by law nor shall pursuit of any remedy herein provided constitute a forfeiture of waiver of any License Fee due to Licensor hereunder of any damages accruing to Licensor by reason of the violation of any of the terms, provisions and covenants herein contained. Licensor’s acceptance of a License Fee payment following an Event of Default hereunder shall not be construed as Licensor’s waiver of such Event of Default. No waiver by Licensor of any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of any other violation or breach of any of the terms, provisions, and covenants herein contained. Forbearance by Licensor to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of any other violation or Event of Default. The loss or damage that Licensor may suffer by reason of termination of this License or the deficiency from any reletting as provided for above shall include the expense of repossession and any expenses incurred by the Licensor following repossession. If any of Licensee’s property (“Licensee Property”) remains upon the Facility upon the expiration of the Term of this License or any earlier termination of this License or any repossession of the Licensed Facility by Licensor because of Licensee’s default under this License. Licensor shall have the right to remove such Licensee Property from the Facility and store such Licensee Property, and Licensee shall be obligated to reimburse Licensor for all of the costs incurred by Licensor in removing and storing such Licensee Property. Licensor shall not be required to release any Licensee Property to Licensee until Licensee has paid Licensor all costs incurred by Licensor in removing and storing such Licensee Property and all other amounts owed by Licensee to Licensor pursuant to this License, including without limitation, unpaid License Fees and costs incurred by Licensor to repair the Facility.
C. **Excuse of Performance by Reason of Force Majeure:**

As per your request, please see below the response from our CFO regarding economic impact to this area. Please let me know if you require additional information.

Sincerely
Mark

Hey Mark—

With our present student authorization in Grayson, we are generating over $7.5MM in revenues. 90% of that revenue is spent within Grayson Co by our students, employees, and the company directly to community suppliers. We do not know the multiplier effect of that spending, but certainly an impressive multiple of those dollars are spent again and again within the county. Also, keep in mind that all of that spending is dollars that have been repatriated from China—we are bringing those dollars back to the US.

Within that $7MM+ number are the following stats:

- $1.5MM in payroll and benefits
- $300K in apartment rent and utilities
- $180K in facility rent and utilities
- $15K in business personal property taxes
- $1.25M in fuel and fuel tax expenditures
- $550K in student food and incidental spending

The company’s investment in its GYI facility is currently $750K (aircraft, furniture, fixtures, equipment, vehicles, inventory). In addition an $85K exterior remodeling project is over 50% completed creating a new and modern appearance for a decades old facility.

Hope all this helps. If you think of some other areas of economic impact that require more detail, let me know.
