

Those who are called to make a difference.

Justus League **Volunteers**

Justus League volunteers have an opportunity to change lives, neighborhoods, and communities by working as partners of support for the youth from the specialty court program at Grayson County's Department of Juvenile Services.

It is not JUST officers, teachers, or parents that build up young people. It is the friends, family, community, and random supportive strangers that get added to the mix. Whether it is through donations, helping in a particular time of need, or JUST words of encouragement and support – it is the JUST US League that brings it all together.

Who can make this a better community?

JUSTUS League Volunteers

Justus League operates on the principles of restorative justice, community, and connection. We may not be the heroes that you deserve, but we are the heroes that show up. We are not sure we would say we are heroes at all. It is just us. We are here, and we want to help where we are able. We are the JUST US league.

A league is defined as, a collection of people or groups that combine for a particular purpose. Be a part of helping a young person with an event or in finding something that makes them feel special or unique. Being in the JUSTUS League allows you to provide meaningful impact to the youth in your community. The impact in their youth will help a young person reach the stability and potential needed to become a productive adult member of our society and community.

volunteer requirements

To be a Justus League volunteer requires you volunteering out of your own individual interests and passions on purpose to share with the youth in Grayson County. This could be a one time involvement, or it could be that it is dependent upon shared interest with a court participant.

We anticipate that there are individuals that would like to volunteer on their own terms or for special events—so feel free to let us know what you might be willing to offer.

Becoming a Volunteer

Fill out the form on the following page if you are interested in more information about becoming a volunteer. There is some initial training required with additional resources available, in addition to the completion of a background check.
